Eva K Decker

Building for the web since 2007.

EXPERIENCE

Freelance Designer and Software Engineer   Sep 2021–Present
Embedded within teams at companies like Talkiatry and Compass
Pathways to strengthen design culture and build out design systems.

Senior UX Engineer, Cityblock   Feb 2019–Jul 2021
Built Cityblock's design system from scratch in Figma and React.
Simplified documentation of member encounters and presentation of
health history. Wrote about trauma-informed design.

Product Designer, Dropbox   Nov 2016–Oct 2018
Designed an internal messaging automation tool to unify disparate
communication services. Helped ship Dropbox Showcase. Launched
a redesign of file comments and time-coded comments on A/V files.

Product Designer, Swiftype   Oct 2015–Aug 2016
Co-owned the creative process from concept to launch on a design
team of two. Crafted dozens of in-product illustrations and icons.
Simplified the maintenance and organization of our codebase.

Designer/Front-End Engineer, MadMonk Interactive   2012–14
Designed and developed marketing sites and digital media for over a
dozen businesses ranging from city governments to non-profits.

Freelance Designer   2009–14

EDUCATION

University of North Carolina at Greensboro   2011–15
Bachelor of Arts in Music, Computer Science minor.
Summa cum laude.
